

John R. Evans Leaders Fund Backgrounder

Manitoba

The Canada Foundation for Innovation (CFI) Board of Directors approved a contribution of \$1,699,998 to support 12 infrastructure projects in the province.

| Project Title | Maximum CFI Contribution |
|--|--------------------------|
| University of Manitoba | |
| Imaging Inaccessible Ice: Glacier Monitoring at the Ice-ocean Interface | \$158,883 |
| Optimizing Soil Fertility Management for Better Grain Nutritional Quality | \$160,000 |
| Functional Integration of Neurogenetics in Development & Disease. | \$345,000 |
| Microvascular Physiology, Exercise, and Muscle Research Facility for Studying Critical Illness | \$156,670 |
| Platform Maximizing the Value of Co-products from Plant-protein Processing | \$157,258 |
| Promoting Equitable Access to Safe Water in First Nations and Urban Communities by Assessing Water Safety and Security | \$114,578 |
| The Immersive Cognition Laboratory | \$160,000 |
| The Heart: Multiple Pathways to Indigenous Heritage Rematriation | \$332,514 |
| 8 projects | \$1,584,903 |

University of Winnipeg (The)

| | |
|---|------------------|
| Planetary Surface Exploration Using Multispectral Imagery | \$14,288 |
| Thin Film Coatings for Fundamental Physics with Ultracold Neutrons | \$25,000 |
| Expanding Pulmonary Function Testing Infrastructure in the Integrative Exercise and Respiratory Physiology Laboratory | \$35,970 |
| The University of Winnipeg Child and Community Research and Innovation Commons | \$39,837 |
| 4 projects | \$115,095 |

NOTE:

As part of this announcement, an additional \$509,999 was awarded under the Infrastructure Operating Fund (IOF), a mechanism that assists institutions with the incremental operating and maintenance costs associated with the new infrastructure.
